EDUCATION

California Polytechnic State University, College of Engineering

San Luis Obispo, CA

Bachelor of Science in Computer Science

Relevant Coursework: Data Structures, Algorithms, Systems Programming, Object-Oriented Programming

TECHNICAL SKILLS

Languages: Python, TypeScript, Java, C, HTML/CSS

Frameworks/Libraries: React, Next.js, Node.js, Tailwind CSS, shadcn/ui, Zustand, Zod, Expo, react-pdf

Tools/APIs: Git, VS Code, Unix/Linux, Vercel, Vitest, OpenAI APIs

PROJECTS

FormFlow - AI Government Form Assistant | *KiroHacks Cal Poly*

May 2026

- Built an AI-assisted web app with Next.js and TypeScript that lets users upload government PDFs, explain their situation in natural language, and receive guided form-filling support.
- Implemented PDF upload/rendering, multilingual intake flow, state management, form validation, and test coverage using React, Tailwind CSS, shadcn/ui, react-pdf, Zustand, Zod, OpenAI APIs, and Vitest.
- Prototyped CalFresh SAWS 2 PLUS support for underserved communities, caregivers, immigrant applicants, and case workers. Links: [Devpost](#) | [Live Demo](#)

Aura Farm - Campus Social Wellness Game | *CodeBox*

Oct 2025 - May 2026

- Developed front-end and product features for a campus social wellness game where students complete real-world challenges, submit photo proof, earn aura points, and rank on leaderboards.
- Built challenge feeds, profile/tier displays, post history, friend rankings, leaderboards, and moderated challenge submission flows for Cal Poly users.
- Collaborated with a student developer team and faculty support to prepare deployment. Link: [Landing Page](#)

EXPERIENCE

CS+AI Cal Poly - Associate Director of Projects

San Luis Obispo, CA | 2026 - Present

- Support the Director of Projects in delivering 4-5 student AI/ML projects across the academic year, from summer project selection through final demo day.
- Coordinate project lead recruitment, member selection, team assignment, milestone tracking, and biweekly lead check-ins to keep teams unblocked.
- Partner with club officers to launch larger technical events including Kaggle competitions, hackathons, workshops, and project showcases. Link: [CS+AI Website](#)

CodeBox - Developer | *Cal Poly Student Developer Club*

Oct 2025 - Present

- Build production-oriented web, mobile, and AI/ML projects with a student developer team, contributing 3-5 hours per week.
- Use Git, React/Next.js, Node.js, TypeScript, deployment workflows, and code reviews while collaborating across skill levels. Link: [CodeBox Website](#)

Sequel Tea - Barista

San Luis Obispo, CA | Feb 2026 - Present

- Manage customer service, point-of-sale transactions, drink customization, cleanliness, and opening/closing support in a fast-paced team environment.
